

2019 RTP Grant Recipients			
Project Sponsor	Project Description	County	Grant Amount
City of Lexington	Phase 1 of the Lexington Pedestrian Trail will include the construction of a trailhead including ADA restrooms and parking facilities at Crystal Lake Park and 0.74 miles of 12 foot wide, 3/8 inch crushed limestone surface, multi-use trail from 24th Street to Business 13 on the abandoned Union Pacific railroad bed.	Lafayette	\$244,600.00
City of Smithville	This trail will create 1.3 miles of trail to connect a multi-use pathway from the soon to be completed downtown streetscape improvements from Liberty Street to Smith's Fork Park, with access to 31.2 miles of trail surrounding Smithville Lake.	Clay	\$265,538.00
Joplin Trails Coalition	This project will rehabilitate 2.70 miles of trail surface. Work will include trimming vegetation to establish a clear and open pathway for safety and site distance. Minor grading for the development of a smooth and stable trail surface by the placement of a 4-inch thick by 8 foot wide crushed limestone surface. Installation of permanent concrete ADA ramps at road crossings, pavement markings, pedestrian cross walk signs, and temporary traffic control.	Jasper	\$100,067.00
Friends of the Eleven Point River	Rehabilitating parking, access, and camping at Turners Mills South. Rehabilitating campsite amenities at Stinking Pond, Horseshoe Bend, Barn Hollow, White's Creek, and Green Brier Float Camps.	Oregon	\$26,860.00
St. Joe State Park	Replace/repair two crossings to access ORV riding areas. The project will include the rental/lease of a small dozer to be utilized for trail work and trail renovations.	St. Francois	\$95,068.00
Finger Lakes State Park	Finger Lakes State Park will upgrade or repair existing trail amenities including: damaged fence around the motocross track, adding a sunshade structure over spectator area, ADA walkway and water fountain, and updating the water pump for the motocross track.	Boone	\$57,749.00
Knob Noster State Park	Remove a current 5' wide x 30' long wooden bridge on one of the park's trails. Replace the bridge with a new metal girder and wooden railing/decking bridge that will be 6' wide x 40' long.	Johnson	\$28,800.00
Dr. Edmund A. Babler Memorial State Park	Resurface/repave two sections of the bicycle trail. One section is from the Guy Park Road Tunnel to the campground. The other section would be from the Crystal Springs CCC Restroom to the Guy Park Trail Head. The total of both sections would be approximately 8540 feet long with a width of 10 feet. Contractor would provide labor and material to repave with a 2.5 average plant ready hot-mix asphalt. A tack coat of SS-1 asphalt prime will be installed to allow proper bonding of the new overlay. Asphalt will be thoroughly rolled tamped and compacted. Park maintenance crew will remove any vegetation, grade for widening, install base rock or repair potholes necessary before the start of paving.	St. Louis	\$120,510.00
Table Rock State Park	Project will consist of renovation of two wooden bridges, shoulder work to include adding fill material and aggregate shoulders, and sealing of the asphalt sections of the trail from the Duck ramp to the Boat Launch Parking Lot and from the Picnic Area to the Marina Road.	Taney and Stone	\$38,110.00
Ha Ha Tonka State Park	Replacement of the Spring Trail Vault Toilet at the beginning of the trailhead.	Camden	\$48,200.00
Current River State Park	Purchase and install an ADA one hole vault toilet at the Jones Hollow trailhead.	Shannon	\$32,000.00
Community Opportunities	This project will construct a trail approximately .864 miles (4560 linear feet long and 8 feet wide) with exercise stations located along the trail path and a parking area. The trail will be asphalt/hard surface to be accessible to individuals of all physical abilities.	Lincoln	\$250,000.00
